Challenges

👎 Unorganized system limited valuable student feedback.

🌐 On-premise software restricted remote access.

📄 Paper student assessments prone to being misplaced.

📊 Old software had limited reporting for CODA.

Solution

Improved student growth with structured, detailed evaluations.

Increased productivity with secure, cloud-based access.

Optimized resources with organized, paperless evaluations.

Reduced accreditation time with real-time tracking and reports.

Hear From Pima Community College

✓ "I can create sessional forms [and] I can then show a student what level their knowledge base is on a particular competency."

✓ "Faculty like the ease of being able to access the program to complete evaluations from home when they run out of time."

✓ "We've eliminated quite a bit of paper. We don't lose evaluations anymore, and we can just keep better track of the students."

✓ "I would recommend this system for programs looking to move to being more paperless and having one program for patient management and student assessment."

Ms. Holly Houck, RDH, BS, MSDH, DISIPC, Dental Hygiene Program Director
